

Riesling

2011

The Riesling is often referred to as one of the most noble white wine varieties. Although some other grapes may also reach its tremendous qualities, top Riesling wines are without any doubt among the very best white wines of the world. Around Lake Neusiedl the Riesling can be found everywhere but generally to a much lesser extent than other grapes. The wines however reach outstanding qualities in this area. They typically develop a particular rich floral bouquet and always offer an appealingly structured acidity, even in warm years.

Tasting Notes: Our Riesling 2011 pleases with a flowery scent and an expressive Bouquet. It is fresh with noticeable acidity and offers a powerful finish.

Food Suggestion: This wine suits excellently to many fine dishes where it can add to taste perfection. It is ideal for light meat dishes, poultry, vol-au-vent and also perfect for most asian food.

Aging Potential: Best to drink while fruity and fresh within two or three years after the harvest.

Drinking Temperature: 12 ° C

Alcohol content: 12.5 % vol **Sugar Content:** 4.7 g/L **Acidity:** 6.2 g/L

Gracile perfection like the dragonfly.

Dragonflies are amazingly artistic flyers humming all over the vineyards throughout summer, even on the hottest days. If you just hold out a finger pointing upwards and wait for a short while, one will quite possibly land on it. Then you can admire it from a close distance and enjoy it's marvellous sight.
